

(Open Meeting) = An open meeting is held for DRA members, and individuals who are concerned about their personal recovery. In addition, it is also open for non DRA members to attend. For example, an open meeting may be attended by a family member or friend of someone in DRA. An open meeting might also be attended by someone who is looking for help for a loved one or friend who is affected by a dual disorder. An open meeting also provides a good opportunity for the fellowship to carry the message to others who may not have another means of learning about DRA.

(Closed Meeting) = For DRA Members and individuals with a dual diagnosis who are interested in their personal dual recovery. There may be members who only feel comfortable talking about their dual recovery in a group setting that is attended only by other DRA members. There may also be individuals who are concerned about their confidentiality. Those individuals want their dual recovery and participation to remain a private matter. Anonymity is the right of every DRA member and must be respected at all times.

PASADENA - Monday Night Dual Recovery, Monday 7:00 - 8:30 p.m. (Closed Meeting) Las Encinas Hospital, (Acacia Bldg.) 2900 East Del Mar Blvd. Phone # 626-578-9733. Contact: Jack M.
